

To Whom It May Concern,

It is my pleasure to write a letter of recommendation for Ms. Debra Nicholson. She worked on a temporary basis in our office for approximately one month in July 2006. During that period of time, she worked diligently helping us among other things to balance monthly bank statements, post account receivables and payables, generate checks, process credit cards charges, and set up accounts for draws and loans to and from my company. She did an excellent job in generating monthly reports which had not been done for many months prior to her arriving. She was able to go back over a period of two to three years and go through almost every check and generate very detailed statements. She would come in early and stay late and during that time she worked extremely diligently on the accounts. I would be happy to recommend her for a permanent position. Our office only requires this type of expert accounting once a week, and therefore we would not have enough work for her to do on a 40 hour a week basis. Please feel free to call or write if there are any questions.

Very sincerely yours,

Randall B. Weil M.D.
